

JAMINDAR

PIPE INDUSTRIES

AN ISO 9001 : 2015 CERTIFIED COMPANY

Profile

Jamidar Pipe Industries

Jamidar pipe industries behror is a leading Manufacturer of HDPE Polyethylene Piping System For Water & Commercial Uses.

Jamidar Pipe Industries Strength

- 2 manufacturing facilities, production over 800 MT per Annum
- World Class Manufacturing facilities and processes certified as per ISO 9001

PRODUCT RANGE

- **Infrastructure Pressure Pipe (Water & Commercial)**
 - HDPE pipe for Water supply and High Voltage Cable Laying from 25mm to 160 mm Nominal diameter as per various standard in PE63/80/100 Pressure Rating PN 2.5 to PN 12
- **Agricultures and Landscaping**
 - Sprinkler Irrigation system for Agricultures, horticulture
 - Portable Sprinkler pipe with Quick Action couplers up to 110 mm dia pipe.
- **Fittings and Specials for various application**
 - Fabricated, Tees and Bends up to 160 mm diameter
 - Molded PE Fittings up to 160 mm diameter
 - Compression Fittings
 - Electro-fusion Fittings

PRODUCT STANDARDS

Fluid Pipe and System: IS: 14151, IS: 4984

Butt fusion Fittings

- Bends, Tees, End Cap, Pipe Ends, Flanges etc
- Can be fabricated or Molded
- Standards: ISO 8008
- Range 40 mm to 160 mm dia

Advantages

- Gives quick and precise location of the underground piping system.
- Use of electronic detection device with such pipes offers inch-by-inch accurate traceability.
- Facilitates precise digging during maintenance activity thereby saving on time and labor - and associated cost.
- Avoids damage to other utilities buried underground - avoid penalties.

Jamidar HDPE Pipe - Properties

PROPERTIES	VALUE
PropertiesRecommended Service Temperature	-45°C to +55°C
Vicate Softening Temperature	125°C
Decomposition Temperature	360°C
Ultra Violet Stability	Excellent
Flow Factor (C Factor in Hazen Williamson formula)	150
pH factor of Conveyed Fluid	1.0 to 14.0
Melt Flow Factor	0.20 to 1.10 gms in 10 Min
Reversion	Less than 3%
Density	940.0 to 958.0 Kg/m3
Impact Strength	Excellent
Resistance to Abrasion	Excellent
Life Expectancy	More than 50 Years

HDPE Pipes

Department in which supply of goods is made.

1. Agriculture Department of Rajasthan
2. Horticulture Department of Rajasthan
3. Horticulture Department of Uttar Pradesh
4. Public Health Engineering Department (PHED) Rajasthan
